

**Washing Away
Millions of Years**

I would like to personally thank you for watching the Origins program. Origins was a special program, near to the heart of my late husband, Russell Bixler.

I trust that the information in this presentation will be helpful in your study of creation science. Thank you for your prayerful and financial support of Origins... you're making the television production of this program possible.

-Norma Bixler

FOUR VIEWS OF THE FLOOD

- 1. Historical global catastrophe**
- 2. Historical local catastrophe**
- 3. Historical global tranquil flood**
- 4. Myth**

Purpose of the Flood

Genesis 6:7, 13 (NASB)

⁷ The LORD said, "I will blot out man whom I have created from the face of the land, **from man to animals to creeping things and to birds of the sky**; for I am sorry that I have made them."

¹³ Then God said to Noah, "The end of all flesh has come before Me; for the earth is filled with violence because of them; and behold, I am about to destroy them **with the earth.**

Purpose of the Ark

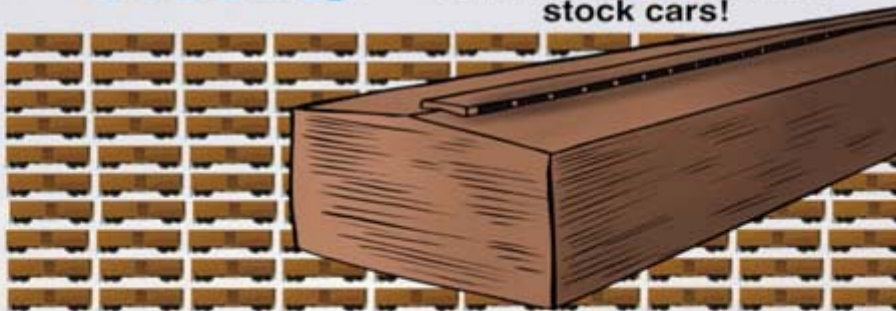

Genesis 7:1-3 (NASB)

¹Then the LORD said to Noah, "Enter the ark, you and all your household, for you alone I have seen to be righteous before Me in this time. ²"You shall take with you of every clean animal by sevens, a male and his female; and of the animals that are not clean two, a male and his female; ³also of the birds of the sky, by sevens, male and female, **to keep offspring alive on the face of all the earth.**

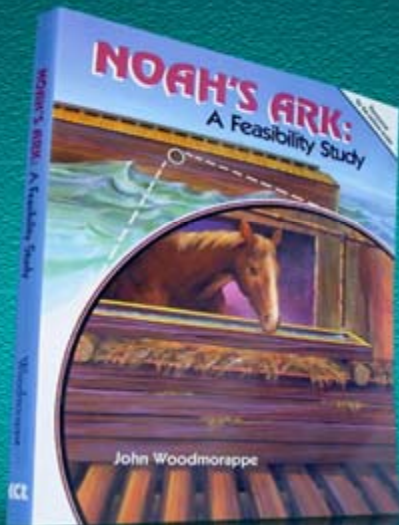

Why do most "arks"
look so small
and over-crowded?

The real Ark had the same
capacity as **560** railroad
stock cars!

Books

Noah's Ark: a Feasibility Study

by John Woodmorappe

Character of the Flood

Genesis 7:11 (NASB)

¹¹ In the six hundredth year of Noah's life, in the second month, on the seventeenth day of the month, on the same day all the fountains of the great deep **burst open**, and the **floodgates of the sky** were opened.

Genesis 8:3 (NASB)

³ and the water receded **steadily** from the earth, and at the end of one hundred and fifty days the water decreased.

Psalm 104:8-9 (NASB)

⁸ The **mountains rose**; the **valleys sank** down
To the place which You established for them.

⁹ You set a boundary that they may not pass
over, so that they will not return to cover the
earth.

Depth of the Flood

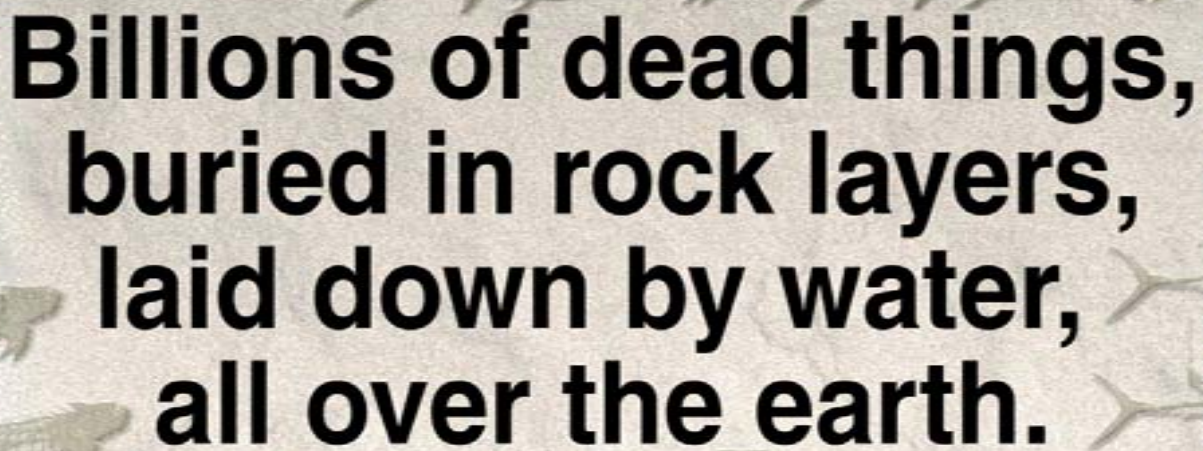

Genesis 7:19-20 (NASB)

- ¹⁹ The water prevailed more and more upon the earth, so that **all the high mountains everywhere under the heavens** were covered.
- ²⁰ The water prevailed fifteen cubits higher, and **the mountains were covered.**

Rainbow Promise

The background of the image is a textured, light-colored surface, possibly representing a rock layer or fossil record. It is filled with numerous faint, greyish-green illustrations of trilobites, which are extinct marine arthropods. The trilobites are depicted in various orientations, some swimming and others resting, creating a sense of a vast, ancient ecosystem. The overall tone is educational and historical.

**Billions of dead things,
buried in rock layers,
laid down by water,
all over the earth.**

**Millions
of
Years**

Noah's Flood!

Isaiah 8:20 (KJV)

²⁰ To the law and to the testimony:
if they speak not according to this
word, it is because there is no light
in them.

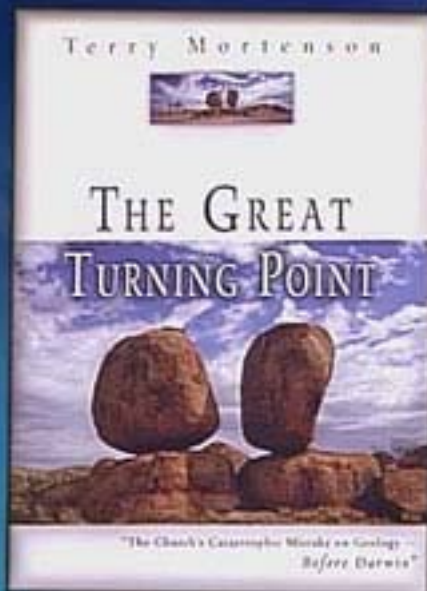

The Global Flood

A Salt Water Legacy!

The existence of salt lakes and inland seas provide strong evidence that there's been a global flood. The huge salty Caspian Sea is landlocked and has been shrinking in size.

Lake Van (5,900') near Mt. Ararat and Lake Urmia (4,300') are excellent examples of high-elevation, land-locked, salty lakes.

How did water get so far inland? Why didn't it dry up long ago? A gigantic flood within the last 5,000 years would seem a very good answer!
